FOREWORD

In preparing "Somanhis" for 1956, we are aware that we are going to say "Good-bye" to the buildings on Main Street that have been the home of Manchester High School for the past sixty-three years. In retrospect, with many happy memories of our own, and those of the many generations preceding us, we have endeavored to assemble some highlights of those fruitful years gone by. With the prospect of another era, enriched by a new and beautiful high school plant situated on East Middle Turnpike, we have been stimulated to delve briefly into the past activities at Manchester High School.

Mr. Fred A. Verplanck

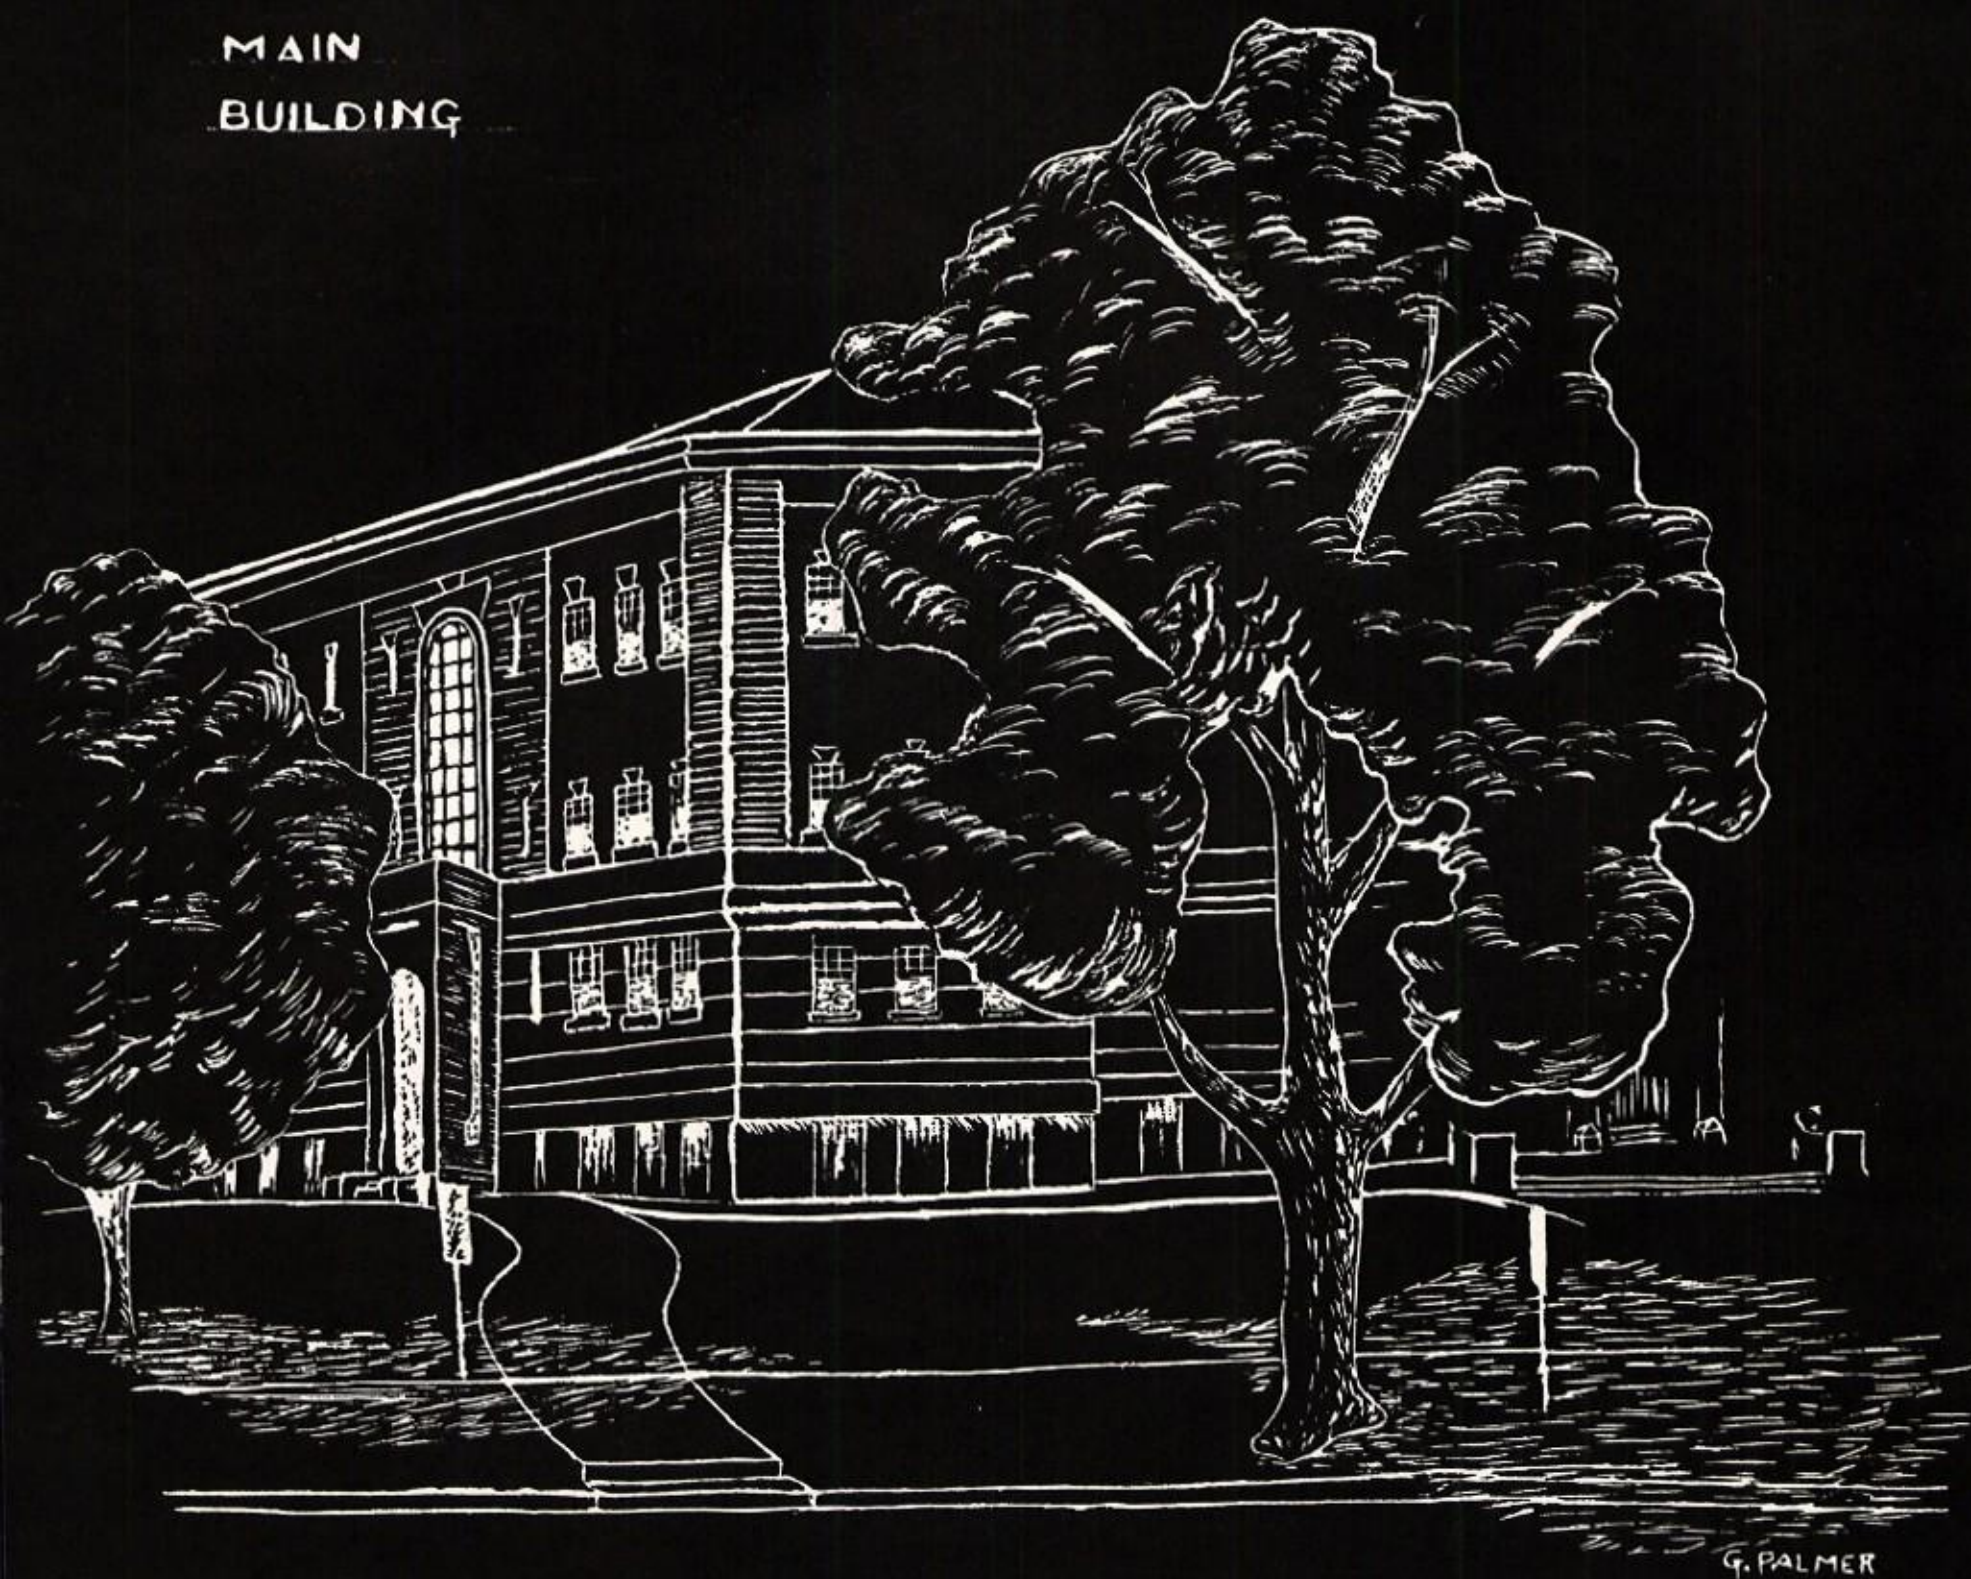

Mr. Arthur H. Illing

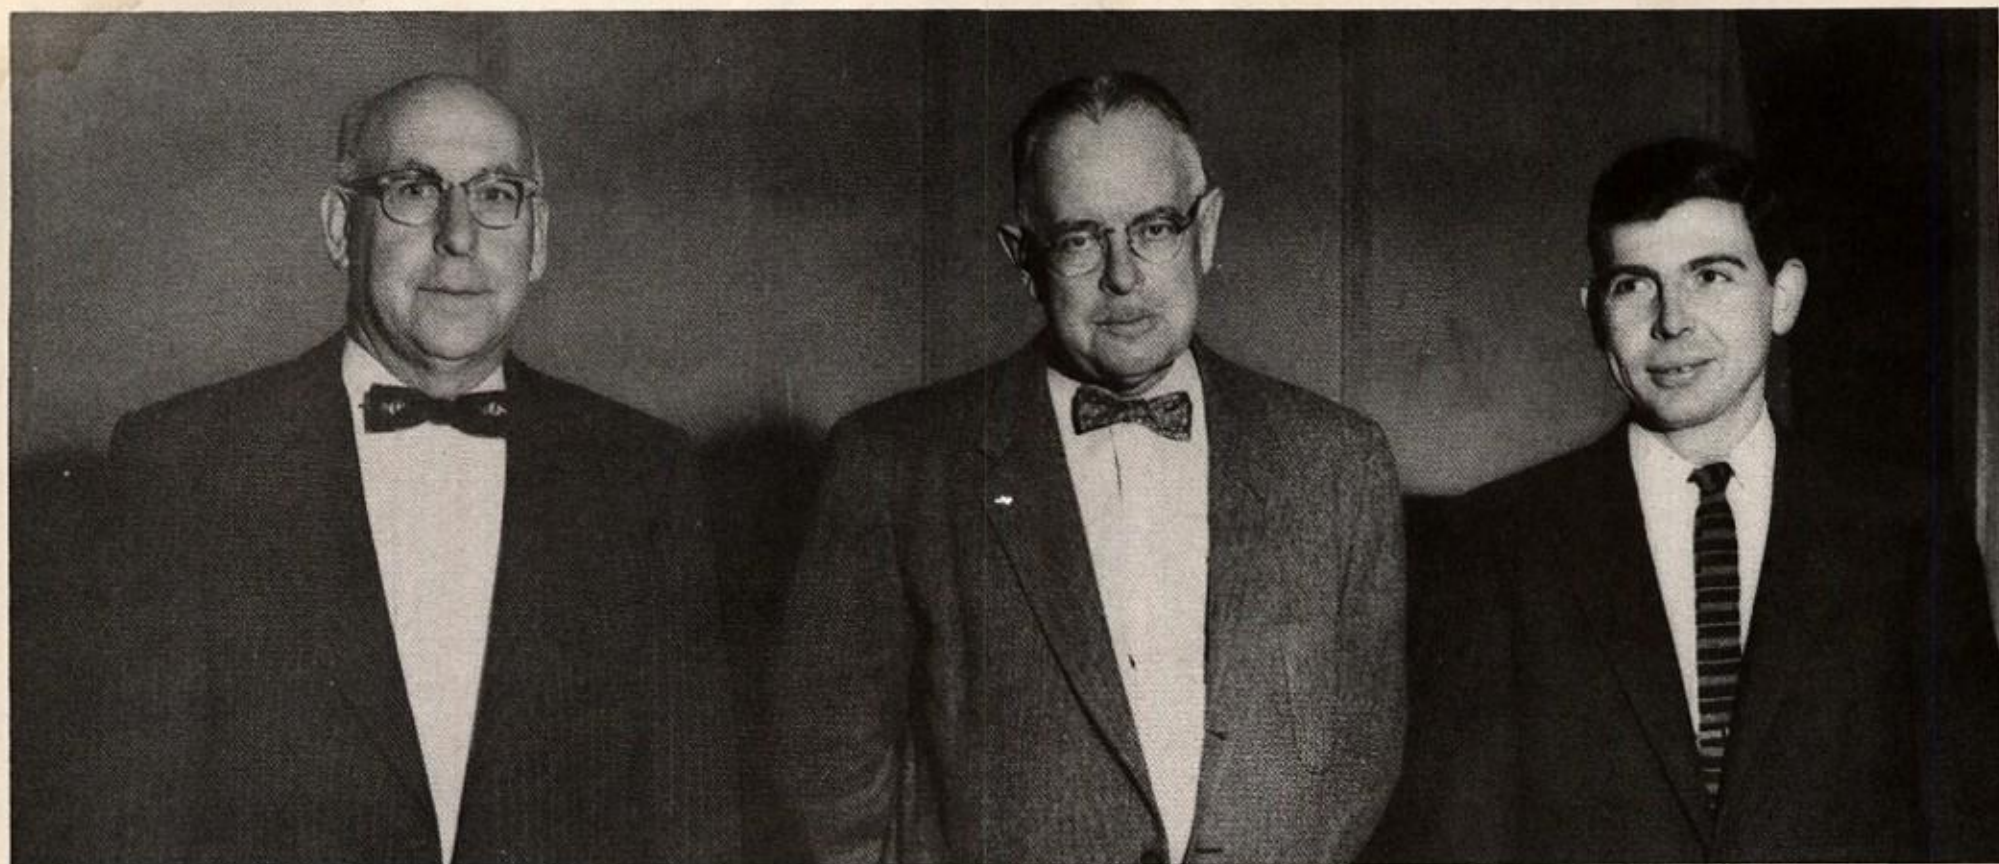

DEDICATION

It seems particularly fitting that this 1956 year-book, which reflects the history, tradition, and growth of Manchester High School, be gratefully dedicated to its only two superintendents of school, Mr. Fred A. Verplanck, who unselfishly served the high school from 1893-1935 and to Mr. Arthur H. Illing, his efficient and inspiring successor.

MAIN
BUILDING

Joanie,
Here's wishing
the best to a
wonderful year. Congrats on NHS & current Affairs - esp. this
what a ball will have! You really
have a terrific personality & you're one
of the best mannered girls of our class.
Remember all the crazy parties (esp. Ann's)
and fun we've had. I hope you
have all the luck & happiness in the
world - you really deserve it. Please
try to turn off your blinkers whenever
you take turns - also you drive much
too slow. Always stay as friendly &
as much fun as you are. With all
your talents & wonderful qualities I
know you'll be a success.
Love you a whole bunch,
Auntie

Best of Luck Jean

vous m'amusez beaucoup. J'aime le grand que vous placez (Halt?) et la passion et les garçons aussi. Don't be parsimonious with all your crazy wit and rack up in dough. the drastic subject of boys to crazy wit and rack up in dough. As a fervent alcoholic - our motto is - change that which can be changed. Grant me the strength to accept that which cannot be changed. And endow me with the wisdom to know the difference. If you get all nettled and frustrated by the paucity of my wit, I'll be with that upstairs and you'll endure the big dark foreboding. I love Mumsie and Poppe Swanson and I'm torrid for li' amiable and amicable and impenetrable garçons. Let's face it kiddo - we must be H! witches or maybe we're socially deplorable and in a some Mumsie, chum. I love Mumsie and Poppe Swanson and I'm torrid for li' chopping up people" sessions and fluent pedantary episodes, eating & requiriting spruce, ostentatious winks up o'! main st. searching vainly for "motological" assistance, old GBX and his ludicrous puns and aphonisms, (vous et your struggle through Alq. II which you abhor & abominate), another cheer for Gus and his actuarial mind for dates, Jan's PJ parties (definitely not co-ed); etc! I'll condone your evil actions always cuz I'm real mad about ya. Always stay as humorous, fun-loving as Bum. I can go to visit a and cool off at the same time. far future you might get a wee little compartment up above where I don't become as flamboyant and supercilious in speech as Bum. is bountiful and keep the patients happy with your round personality & figure, bearing & dimply smiles and ascetic & acrimonious remarks. Lots of luck, love, laughs & tee to a real - - - - - raise everyone - - - - -
